DETAILED ACTION

1. Claims 13-16, and 18 have been canceled by applicants' amendment, dated 3/9/04.

Allowable Subject Matter

2. Claims 1-12,17,19-40 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose nor teach the container engagement surface being adapted to contact the inner surface and, engaging the compression link between the closure lid and the inner surface such that the closure lid is retained by placing a portion of the closure lid under compression and a corresponding portion of inner surface under tension with the compression link contacting both the closure lid and the inner surface, in combination with the remaining limitations of the claims. Since this aspect is neither disclosed nor taught in the prior art of record, independent claims 1,17,25, and 36, and dependent claims 2-12,19-24,26-35, and 37-40, which also incorporate this aspect are deemed allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
